DOWNLOADS

Radon is the number one cause of lung cancer among non-smokers. Radon gas kills more than 6 x the amount of people than home fires and carbon monoxide poisoning combined. Radon gas can be found everywhere and fluctuates daily. Every home needs a radon detector.

NOT JUST A RADON DETECTOR

Wave will provide you with detailed information about radon, temperature and humidity levels right on your phone. View daily, weekly, monthly and yearly measurements in the mobile app. Use the data to take the necessary steps to protect your home and loved ones from the dangers of radon gas. 2 AA batteries will provide you with approximately 1.5 years of peace of mind.

EASY INSTALLATION

All you need to do is screw in the mount plate with the single screw (included), download the app, pull the battery tab and follow instructions in the app.
